

## **Applied Pulsed Power Announces CEO 14 June 2011**

Applied Pulsed Power (“APP”) announced today that Mr. Craig T. Dunham has accepted the new position of Chief Executive Officer and has invested in the company. Mr. Steve Glidden will continue in key leadership roles for APP as Chief Technology Officer and Chairman of the Board.

Until May 2011, Craig was President and CEO of Dynasil Corporation which is a rapidly growing optics/photonics company traded on the NASDAQ since December 2010. During his six and a half year tenure as Dynasil’s CEO, he led a transformation of the company from \$2 million in revenues for fiscal year 2004 to \$43 million for fiscal year 2010, a 63% compound annual growth rate. Prior to Dynasil, he served as Vice President/ General Manager for a division of Kimble Glass for three years. Previously, he held a broad range of leadership positions during 20 years at Corning Incorporated in a variety of technology businesses. He has a B.S. in Engineering and MBA from Cornell University and brings extensive business leadership experience driving growth, improving execution, and taking care of customers.

Please join us in welcoming Craig to our organization as we continue to drive APP growth and increase customer satisfaction.
